Today's HOT stock

31 August 2010

Supervalu Inc. – SVU

SUPERVALU Inc. operates a chain of supermarkets and pharmacies primarily in the United States. The Company also provides supply chain services, which includes wholesale distribution and related logistics support services. The current price is USD 9.90. Its 52-week price range is between USD 9.87 and USD 17.89. The great thing about this stock is that it offers a dividend yield of 3.50 percent with a low P/E ratio of 6.07. The management of SVU has put in a lot of effort to increase profitability, such as sale or closure of underperforming stores, getting more competitive on pricing and reducing debt even though the current level of debt is very manageable. Another good thing about this company is that it has many good retail locations that are conveniently located for shoppers and the company has maintained these stores well. The current price is very attractive. The average daily volume is 3,835,120 shares.
